

HVHA®

SSRK self-stick elastic bandage

This product is cylindrical, composed of polyester fiber elastic material and packaging bag. With excellent coarseness of merely one tenth of common cotton fiber, its air permeability is equivalent to silk while durability is over three times of general cotton products. In addition, it's also washable and durable that remains soft handfeel without stiffening or laddering. Other specialized properties include strong absorption, easy dehydration, mildew resistant as well as strengthened bacteriostasis performance.

Certification: FDA / CE

Specification
12cm×450cm, 10cm×450cm
7.5cm×200cm, 5cm×200cm

Features

- Safe pressure
- Self-stick and environmental protection
- Easy to stretch and tear
- Soft and breathable
